Email:

Enter your email address

Reset

Once you enter your email address here and hit "Reset", you will receive an email with a new password.

To change this password, log in to the HEARTSMAP tool (it is easiest to copy/paste the new password directly from the email) and follow the directions below.

Changing your password

Once logged in to the HEARTSMAP tool, click on the "Profile" tab in the top right hand corner:

Profile

Logout

HEARTSMAP

HEARTSMAP PSYCHOSOCIAL ASSESSMENT AND DECISION-MAKING SUPPORT TOOL

Step 1 of 12 - Demographics

8%

Patients' age *

Please enter a value between 4 and 21.

On your profile, click the "Generate Password" button:

Profile

Account Management

New Password	<input type="button" value="Generate Password"/>
Sessions	<input type="button" value="Log Out Everywhere Else"/> <i>Did you lose your phone or leave your account logged in at a public computer? You can log out everywhere else, and stay logged in here.</i>
Phone	<input type="text" value="1234"/>
Clinician Type	<input type="text" value="ED Staff Physician"/>
Population you mainly see in the ED	<input type="text" value="Adult and Pediatric"/>

This will generate a new password, which can be edited to your preferred password:

1. Enter your new password into the text box
2. Select the check box to “Confirm use of weak password” (if applicable)
3. Click the “Update Profile” button at the bottom of the page to update your password. Use this new password the next time you log in to the HEARTSMAP tool.
